Police Get Busy Thief In Arcadia

Barefoot Burglar Suspected Of Many Crimes In The San Gabriel Valley

The man variously termed the "barefoot burglar" and the "pants thief" because of his peculiar habit of doing his lone wolfing sans shoes and being strangely prone to steal not only wallets but the surrounding pants, was caught by Arcadia police yesterday afternoon and was found to be one John Pegran, who has a wife and three children and lives in Pasadena. The capture came after Pegran had successfully thumbed his nose at a police dragnet early Wednesday morning by breaking into seven Arcadia homes.

Arcadia police say that Pegran confessed to being the barefoot burglar who has been much sought and feared by police of the whole San Gabriel Valley. He was still being questioned by Arcadia officials late last night in an attempt to connect him with various crimes in the valley. Police found many pairs of spat-like sole-less socks in his wardrobe, the result of extensive foot work, they believe.

While Pegran was still at liberty he made his presence known in Sierra Madre twice—if only by rumor and proxy.

One local householder reported to police that he saw a man answering to the description of the Arcadia burglar at his window in the north part of town a few evenings ago. But Herbert J. Mangham, of 34 North Hermosa was fortunate enough to be actually hauled in on suspicion of being the gentleman in question.

Mangham, who is a writer by profession, was taking a stroll down Double Drive recently. When a car slowed up alongside him he said he didn't want a lift. Then he got one anyhow. The car was the Arcadia police patrol who didn't understand literary folks' inspirational night jaunts at all. Besides he answered in a quite general way the meager description police had of the "barefoot burglar." It wasn't until after the officers had taken Mangham home, gone over his papers, and taken him down to their police station for further chuckup, that they realized they had made a mistake.

Chief of Police Jack Richards then apologized and invited Mangham to his house for dinner one day.

May Delay Filing Of Petitions For Cut In Budget

Next Wednesday being a holiday—Columbus Day—the meeting of City Council scheduled for that evening will be held on Thursday. It is doubtful whether the petitions now in circulation demanding that Council lop \$10,000 off the appropriations for the present fiscal year will be presented at the next Council meeting.

In a communication to THE NEWS H. J. Kohl denies having said that the petitions would be presented next week. Mr. Kohl says he "refused to say" when they would be presented. Mr. Kohl also denies that he said the petitions would be the most impressive ever presented to the Council, or that he would call a meeting of the unemployed "to show how their leg had been pulled," or that he made the statement, "You have had your 'Trade in Sierra Madre campaign,' we might show you a 'Trade Somewhere Else campaign'."

In his communication Mr. Kohl said the statements credited to him "do not represent his views" and that their publication "has caused great damage."

ART LEAGUE STUDENT AND PATRON MEMBERSHIP GROWS; READY NOW TO ORGANIZE

By Henry Ivins Hancock
A meeting of a group of artists and prominent local citizens who have shown an outstanding interest in the proposed Municipal Art League has been called for Monday evening to prepare a working plan in the hope that we can get down to business as promptly as possible. It will be a very important gathering for everyone who is concerned about this worth-while municipal undertaking.

Banners Of Candidates Appear Here

Two Political Headquarters Opened In This City And Meetings Are Planned

There were evidences on every hand in Sierra Madre this week that a great campaign is on. Two political headquarters were opened, among other things. The Democrats flung their banner from a store room on Korsting Court just east of The NEWS office. The Shuler Club opened up on Baldwin avenue just north of the Tom Solary grocery.

On Tuesday night the Republican county committee men from the 48th Assembly district met here to plan the conduct of the G.O.P. canvass in this area and on Wednesday morning there was a meeting of Republican women to outline the work they propose to undertake in interest of the Hoover and Curtis ticket between now and election day.

There is to be a house warming at the Democratic headquarters next Tuesday afternoon from 3 to 5, with Mrs. Nellie Cardiff, nominee for the Legislature, Major Hadley, Congressional nominee, and Mrs. Nellie Donohoe, Democratic National committee woman from California, as the centers of attraction. Mrs. Cora B. Corum, who is in charge of the headquarters, will be the hostess, assisted by Mrs. W. J. Lawless, Mrs. Ole Hanson Jr., Mrs. Grace B. Caukin, Mrs. W. D. Richards, Mrs. Jules Krans, and others.

At Shuler headquarters efforts are being made to organize a party to attend a Shuler mass meeting in the Pasadena civic auditorium that will be addressed by the preacher candidate this evening.

Norman Thomas, Socialist candidate for President, is to speak at Pasadena Junior College auditorium on Sunday evening.

Notables Attend Opening Meeting Of Woman's Club

"Homecoming Day," at which the new president, Miss Edna R. Green will preside next Wednesday, October 12, will begin the club year of the Sierra Madre Woman's Club. The club will be honored by a visit from Mrs. Charles S. McKelvey of Los Angeles, president of the Los Angeles District Federation of Women's Clubs and Mrs. Agnes L. McEuen of Riverside, vice-president at large of State Federation of California Woman's Clubs.

A board meeting at 10 o'clock will begin the day and homecoming greetings will be extended at 10:45. John B. Ratto, a master of makeup and impersonation, will present character studies at 11 o'clock. "Interesting Personalities I Have Known" will be the subject of Dean Arnold G. H. Bodre, rector of the local Church of the Ascension, who will be the luncheon speaker.

Each guest attending the opening meeting is requested to wear something typical of her native town or state.

All programs throughout the year will be open to non-members. Reservations for the opening luncheon are to be made with Mrs. C. H. Tuggle, at 288-1, not later than Monday noon, October 10.

DR. COWAN TO ADDRESS HISTORICAL SOCIETY

Dr. Robert Cowan of Los Angeles, librarian of the well-known Clark Library and who is known as a very able speaker and authority on early California, will talk on the Romance and Reality of California History next Tuesday evening, October 11 at 8 o'clock before the Sierra Madre Historical Society at its meeting in the Park House. Persons interested in early history of California will be welcomed.

ORGANIZE AGAINST SMUDGE NUISANCE

Tonight in El Monte preliminary work will be done on the organization of a "Committee of 50,000" whose purpose will be to fight against the black smudge which blankets the valley several times every winter as the citrus growers disregard the anti-smudge laws now in force in Los Angeles, Riverside and San Bernardino counties.

Sierra Madrean Is Victim Of Bandits In Hollywood Hills

Lin Murray of 223 North Mt. Trail avenue, musician, and Miss Patricia Quinn of 3065 Leeward avenue, Los Angeles, were towed to Los Angeles from the Hollywood Hills where they had been robbed by two bandits on Tuesday. The robbers stole the keys to their car and they were brought into the city by a police radio car. Murray reported that the bandits robbed him of \$5 and a \$50 wrist watch.

Interest In Light Plant Idea Grows

Large Attendance Indicated At Monday's Meeting To Hear Survey Report

Sierra Madreans are showing a lively interest in the meeting to be held in the school auditorium on Monday night at which a report will be submitted on the survey to determine the cost and desirability of a municipally owned light and power plant.

The report will be submitted by the Utilities Companies, Inc., to the town meeting rather than directly to the City Council at the request of the Council. It has been stipulated that any citizen shall be free to ask for any information on any point of the report. Whether or not the Edison company will have a representative present to answer advocates of the municipal ownership plan or whether the company prefers to call a second meeting and present its argument has not been indicated, though it is thought probable that a representative will at least be present to ask questions concerning the survey.

A resolution adopted by the American Legion post at its meeting on Monday night urging its members and all other citizens to attend Monday's meeting is indicative of the general interest shown. The resolution after setting forth the purpose of next Monday's meeting, continued as follows:

"WHEREAS: The meeting will provide an opportunity for free expression of opinion in the matter of (a) City owned light plant as well as an opportunity to secure information on the proposal and about the existing system, to use in forming an opinion; and "WHEREAS: one of the objects of the American Legion is to encourage full and free consideration of questions of public interest: Now, therefore be it

"RESOLVED: That Sierra Madre Post, No. 297, The American Legion, urges its members and all other citizens of Sierra Madre to attend the mass-meeting."

Great Park To Surround Monastery

Monte Oliva Being Landscaped To Harmonize With Bailey Canyon

Monte Oliva, the hill occupied by the Mater Dolorosa Monastery, is now being landscaped and planted in numberless varieties of trees, flowers and shrubbery, and soon the Passionists' property will be in effect a part of the city's natural beauty spot, Bailey Canyon, which lies a few hundred feet to the east over the brow of the mountain. Work on the project started this week.

Orchid trees, camphor, red flowering eucalyptus, evergreen weeping elm, flowering fruits, deodars, cypresses are among the many kinds of trees planned to line the pathways of the grounds. Lawns will be terraced down from the front steps and will extend around to the rear of the building. Everything will blend with the semi-Spanish architecture of the Monastery proper, and it is thought that ultimately the grounds, with their incomparable setting of the Sierra Madre range to the north and the wide San Gabriel Valley to the south, will be among the most beautiful in the world.

GAR Veteran 'Feels Like A Kid' On His 85th Anniversary

E. J. Webster, Sierra Madre's globe trotter, member of the Grand Army of the Republic and a leading citizen here for more than 20 years, celebrated his 85th birthday at his home, 121 East Alhambra, on Sunday, honored by the presence of a small gathering of intimate friends which included Miss Thomasella Graham, Mr. and Mrs. G. P. Goodwin and daughter Pasty Goodwin, of Pasadena, Mr. and Mrs. R. L. Webster, Miss Mousell, and Mrs. Merrill of San Diego.

Recently Mr. Webster, returning from his annual sojourn in Idaho, attended a reunion of his comrades in Spokane. Three men from his own army division, all over 90 years old, were there. "After that gathering," he says, "I feel just like a kid."

Big Party On Hallowe'en Is Plan Of PTA

Directors and Room Mothers Arrange Great Event For Young And Old

A big Hallowe'en party for the children of the Sierra Madre Grammar School was arranged by the directors and Room Mothers of the Parent-Teacher's Association following appointment of Room Mothers at a meeting in the school building on Wednesday.

The party will be held at the school on the evening of Friday, October 28, beginning with a parade of the school play field in which the children will be costumed in a traditionally weird clothes, and immediately after there will be games such as fish ponds, grab bags, and Gypsy fortune telling.

At 6 o'clock there will be a potluck supper, with Hallowe'en decorations and all the trimmings that go to make such an event a real success—goblins and witches and everything.

The dinner will be served in the cafeteria to which all families are supposed to bring either a hot dish or salad. Coffee will be served by the P.T.A. Arrangements for the menu are in the hands of a committee headed by Mrs. E. E. Miles, assisted by Mrs. H. B. Hersey, Mrs. T. F. Dillon and Mrs. E. M. Weese. As the charge for the dinner will be very small and all the proceeds are to be used in welfare work, it is hoped a large number will plan to have dinner in the pretty school cafeteria that evening.

Following the dinner there will be a free movie in the auditorium which will be appropriate for children and to which all are invited.

At a meeting of the P.T.A. held with Charles Ellis Smith this week, it was decided that the P.T.A. would sponsor a performance of "Toto's Merry Marionettes," a puppet show put on by experts and of the sort that has taken Europe by storm. "Playtime Antics," a play in two acts featuring "Calico Carl and Carrie," also a "Marionette Revue of Dancing Puppets," will be given. There will be two performances Friday, November 4th, at 3:15 and 8 o'clock in the school auditorium. The price of the tickets has been set very low so that all may attend and the proceeds go to welfare work in Sierra Madre.

Mrs. Joe Evans, chairman of the membership drive, announces that a novel and interesting contest has been arranged for the membership drive. A map will be hung in each room on which there will be stations designated, and

Bandit Repeats In Los Angeles Stuff He Pulled Off Here

Vaulting over a six foot partition in the course of his operations a bandit believed to be the same man who robbed the Sierra Madre Savings bank, abducted Mattie Seely and then shot down radio officer Frank Meredith in a running gun battle, again made a complete getaway after stealing \$750 in cash from a bank at First and Vermont streets in Los Angeles on Wednesday.

Shortly after the noon hour the bandit strolled into the bank, drew a gun on the cashier, athletically leaped over the high partition in the same manner he entered the rear section of the local bank, and lining employees against the wall he calmly scooped the cash into his pockets and jumped over the counter and disappeared in a car he had parked on First street.

JAPANESE INVASION OF MIKADO'S EMPIRE HAS ONLY BEGUN, SAYS PRIEST

Japan's occupation of Manchuria is but a stepping stone in the Mikado's invasion of China, it will never stop there in the estimation of Rev. Father Cyprian Frank, Passionist missionary who left the monastery here on Tuesday with four other priests from San Francisco yesterday on the Asama Maru and on their arrival in the Orient will proceed 1200 miles inland from Shanghai to the town of Shen Chow Fu, in the province of Hunan, Father Cyprian Frank will return to the scene of his 1928 activity, and with him he will take Father Benaventura Griffiths, Father Alban Carroll, Father Joachim Beckes and Father Jermaine Heilmann.

Visiting in Sierra Madre since last Saturday, these five men, three of them easterners, were chosen by their Order as being most fit for the rigorous duties which await them in the Orient. Father Cyprian is well fitted to lead them. He is fluent in the many Chinese dialects—both written and spoken. He has had experience in coping with the na-

Sounds Like A Fish Story; Salmon Yard Long Towed A Boat

More steelhead news, Gordon Wolfe, with a couple of friends from Los Angeles, came home Sunday from a week's fishing on the Klamath River, near the Oregon line. They started south with a nice mess of steelhead trout, but most of them were spoiled by the time they got here. An hour or so before calling it a day and heading for Sierra Madre, Wolfe hooked a 30 pound salmon measuring a yard long. The big fish towed the rowboat around for quite a spell before it allowed itself to be landed.

Red Cross To Plan Work Just Ahead

Delegates From Local Organizations Will Attend Meeting Tonight

A public meeting will be held by the Red Cross in the Council Chamber at the City Hall at 7:30 this evening. At this time complete reports from various committees will be made public, and the financial status of the organization will be revealed. Jedney Davis and H. F. Barton have been appointed delegates to represent the unemployment cooperative Relief Association, and the Parent-Teachers Association, the churches, and other civic organizations will be represented.

At a meeting of Red Cross directors last Friday they were given a brief outline of the work completed and ahead for the coming year.

By unanimous vote, a resolution was passed that, in the coming Roll Call, which starts on Armistice Day, memberships and subscriptions should be solicited on the basis that the funds so obtained should be used in the main for two outstanding Red Cross activities—relief to needy veterans and their families and food and other relief to other needy children.

As the unemployed of this city are forming a co-operative organization, including a neighborhood exchange, the directors decided that would in great measure relieve the Chapter of responsibility for further operation of the Local Relief Employment Bureau which functioned to such advantage during the past year, through the co-operation of the City Council, the churches and all social service organizations.

Mrs. H. H. Holland was appointed chairman of a committee to supervise the distribution of the cotton goods supplied by the government for relief work.

Miss Lydia Webster reported on the Red Cross Convention held recently in Los Angeles at which eight Sierra Madre delegates were present.

Local Hunter Bags Deer At Idylwild

Collin Hill, with his shiny new gold baseball for a charm, went out into the San Jacinto mountains, near Idylwild, and bagged a two point buck which he brought home Wednesday. The reports vary as to the deer's size. Some say 120, some say 150—dressed. At any rate it's the biggest that's been brought into the San Gabriel Valley section this year, and it's the second Hill has bagged so far. Friends of the hunter are enjoying venison steaks.

FIVE MISSIONARIES OFF FOR CHINA TELL DANGERS THAT LURK IN THE ORIENT

Japanese Invasion Of Mikado's Empire Has Only Begun, Says Priest

Merit Of New School Plan Is Discussed

College President Tells Object Of Ballot Proposal To Be Voted Upon Nov. 8

Prefacing his most interesting talk with the prediction that America will be judged by its treatment of and attitude towards the children of the land rather than because of economic or other conditions, President James Blaisdell of Claremont College discussed Proposition No. 9 that will appear on the November ballot before an audience consisting of 150 members of the Associated Chambers of Commerce of the San Gabriel Valley at a dinner meeting in the Woman's Club House here on Tuesday evening.

"The Californian Looks At His Schools" was the subject on which Dr. Blaisdell spoke and the latitude the subject gave him allowed of a discussion also of the so-called "super control" plan recommended by the Carnegie Foundation's survey report on education in the State.

Because he thought California's educational system is "complicated in organization and administration," the Professor found much to commend in both the Carnegie report and in Proposition No. 9.

The latter, he said, proposes to transfer the tax now levied against real estate in the various counties for school purposes to the State.

The additional revenue required by the State to meet the additional demands upon it for maintenance of the schools would be raised by a State income and a luxury tax, Dr. Blaisdell explained—the income tax to be laid upon broader lines than the Federal income tax so that it would fall upon practically everyone. The Legislature would be required to enact such legislation if Proposition No. 9 carries at the polls next month, he said.

The Proposition does not provide for more money for the schools, nor for increased teachers' salaries, the professor said, and the ideas upon which it is based did not originate with the school teachers, but with the farmers. It provides, he said, for an equalization fund from which the richer, more populous counties shall help the smaller, poorer counties so that the residents of the small counties are not taxed out of all reason for the upkeep of their schools. In brief the people would decide, he said, whether there shall be a uniform State school system or merely a series of local systems.

Because provision is made for a tax on incomes and therefore on wealth Dr. Blaisdell predicted strong opposition for the proposition. Its adoption and enactment of the income tax, he said, might cause many persons of wealth to invest in non-taxable securities and take their citizenship out of the State to avoid payment of the tax.

BODE SCORES HIT

One of the most interesting talks ever delivered before a local Kiwanis club was made at the noon luncheon on Tuesday by Dean A. B. H. Bode who told the story of the evolution of music. Prof. Henri von Pragg, of Holland, thrilled club members with several violin solos.

Reign of Terror

A year ago last June Father Cyprian came through Sierra Madre on the way home from his last mission. His nerves were shot, and his health was several degrees below normal. He had been subject to the strain of watching a thousand national troops pass through the village south of the Lake Tunting, then had helplessly watched hundreds of bandits come and ransack the mission, and create a month's reign of terror. Telling of the wildness of the country, he said: "There is danger all the way on the road inland to Shen Chow Fu. We must hire soldiers to escort us. The trip from Shanghai takes three weeks, and the last 300 miles are the most difficult. There are no roads fit for even a bicycle. We must constantly be on the lookout for bandits, and await word telling us that the road just ahead is clear."

"I would not fear for myself. But when I go in, as I go this time, with foreigners who have not yet learned the language or customs, I am somewhat afraid. If I myself am captured it is alright. I can talk the language, (Continued on Page Three)

We do not always perceive that even the writing of a note of congratulation, the fabrication of something intended as an offering of affection, our necessary intercourse with characters which have no congeniality, with our own, or hours apparently trifled away in the domestic circle, may be made by us the performance of a most sacred, and blessed work; even the turning out, after our feeble measure, of the design of God for the increase of happiness.

Popular Volumes Come To Shelves Of The Local Library

"Hot Water," P. G. Wodehouse's latest frothy comedy novel, is among the 18 new fiction books added to the local library shelves during the past month.

Then in contrast there is Pearl Buck's "Sons," sequel to "The Good Earth," another powerful story of China. And for those who haven't the time or aren't in the mood for a full length book, there is O'Brien's 1932 collection of the best short stories of the year.

Thirty-two new patrons registered for borrower's privileges during September the library report for that month shows, and 2,615 adult books were loaned. Of this number 58 percent was fiction. Juvenile books loaned numbered 691, with a total of 4,908 books in circulation, or an increase of 17 percent over the same month last year. New books on the shelves are as follows:

Fiction—"Obscure Destinies," Cather; "Hot Water," Wodehouse; "A Cinderella," Wright; "Good Man's Love," Delefield; "Happy Prisoner," Rea; "Gods Arrive," Wharton; "Fortress," Walpole; "Best Short Stories of 1932," O'Brien; "Soldier and the Gentleman," Vaughan; "Lark Ascending," De la Roche; "Night Flight," Saint-Exupery; "Burning Bush," Undset; "When the Gangs Came to London," Wallace; "Valiant Dust," Wren; "New York Tempest," Komroff; "Peking Picnic," Bridge; "Sons," Buck; "Sheltered Life," Glasgow.

Non-fiction—"Coming of a New Party," Douglas; "What We Live By," Dimmet; "Comedy of Catharine the Great," Gribble; "Let's Start Over Again," Young; "People of the Serpent," Thompson; "Princess in Exile," Duchesne; "Geography," Van Loon; "This Country of Yours," Markey; "Our Wonderland of Europe," Beck; "Tinderbox of Asia," Sokolsky; "Marches of the North," Powell; "New Deal," Chase; "On the Meaning of Life," Durant; "Red Smoke," Levine; "March of Democracy," Adams; "Beveridge and the Progressive Era," Bowers; "Wings over Poland," Murray.

BEGIN POPULAR CURRENT EVENT TALKS IN PASADENA

Mrs. Jack Valley, whose popularity as a speaker on Current Events and Book Reviews has established her as one of the foremost lecturers in the West, gave the first of her series of talks at the Hotel Huntington yesterday. This lecture is to be followed, during the season, by a similar event on the first Thursday of each month at the same place.

Probably no other speaker on current events and book reviews has gained the wide following of Mrs. Valley, whose fine analytical mind, coupled with both clear logic and humor, invests the talks with something more inspiring than the mere presentation of dry facts.

PLAYERS NAME OMITTED THROUGH AN OVERSIGHT

Through an oversight in the story of the Player's program of one-act plays in a recent issue of THE NEWS, the name of Miss Treva Scott was omitted. Apologies are offered Miss Scott, and may it be added that her performance of "The Seeker of Fortune" in the sketch "Passing Shadows" was one of the evening's best.

BOB MITCHELL ENTERS UNIVERSITY OF ROCHESTER

Bob Mitchell, son of our former Mayor, has entered the University of Rochester in New York State where he has been awarded a scholarship in the Eastman School of Music. He plans to remain for two years to obtain the degree of Bachelor of Music. He is already a Fellow of the American Guild of Organists. He will celebrate his 20th birthday this week.

NEW HIGHWAY PATROL STATION FOR THIS AREA

The California Highway Patrol will formally open its new sub-station No. 2 on Pomona boulevard in Rosemead next Wednesday with a public ceremony at which the Los Angeles Legion drill team of the Police Department will be present. This sub-station will serve all territory north of Brooklyn avenue to Mojave desert and east of the Hall of Justice to the county line.

THE autumn motif was charmingly stressed with candles, fall flowers and decorations throughout the Keith home, at a lovely bridge tea given by Mrs. Boyd Keith of East Central avenue, on Saturday afternoon. Miss Constance Thorpe of Pasadena was winner of the first prize at bridge and Mrs. William Middough captured second prize. Guests included Mrs. Jack Paschall, Mrs. Waverly E. Pratt, Mrs. E. E. Pulling, Mrs. Leonard Wamock, Miss Claire Newman and Mrs. William Middough of Sierra Madre, Mrs. O. O. Force, Miss Mildred Force and Mrs. Ross Woodland of Monrovia, and Miss Constance Thorpe and Mrs. William Roether of Pasadena.

A Salamagundi party, at which a variety of games will be played, will be featured next Monday evening at the gathering of the Friendship Club in the Church Parlor of the Congregational Church. Mrs. Converse L. Twycross, Miss Lucile Sparks, Mrs. William Middough and Mrs. Roy Pickett are to be hostesses for the evening. Members of the club are to bring their silk quilt blocks to this meeting. A contest is being held to find the member with the largest number of pieces in her block. Strangers in town are cordially invited.

Mrs. Warren O. Preston and Mrs. R. Osterhout will entertain this evening with three tables of bridge at the home of the former, 503 West Montecito avenue. The proceeds of the affair will be given for the Friendship Club fund.

Dr. and Mrs. Clarence N. Barker of Mariposa avenue, entertained with a family birthday dinner on Thursday evening in honor of Mrs. William P. Caley, of Ramona avenue, mother of Mrs. Barker. Covers were laid for six.

Fire Flames

By one of the boys

FIRE causes needless loss every year of about 10,000 lives and \$500,000,000 of property.

Fire Prevention Week, October 9 to 15, 1932, throughout the United States and Canada, is to call public attention to the seriousness of the fire waste, and to show how fires can be prevented.

Fire Prevention Week, now observed by Presidential and Royal Proclamation, is the anniversary of the Chicago Fire of October 9, 1871, when according to popular legend, Mrs. O'Leary's cow kicked over the lantern that started the fire that destroyed the city with a loss of 200 lives.

Fire destroys lives, homes, jobs, and places a tax on everyone. All this waste is unnecessary, for with reasonable care and forethought fires can be prevented entirely or put out before they cause damage.

Great savings have already been shown where fire prevention has been actually practiced, and this we think applies to Sierra Madre. We have very few fires here in proportion to the size of our city and in comparison with other cities of this class. This is undoubtedly due to the carefulness of our people and the watchfulness of the members of the Fire Department, who are ever on the alert for fire hazards. Each and every member takes his membership in the fire department seriously, and anything that borders on what might cause a fire is taken care of immediately. Fire Prevention week is the starting point for fire prevention during the 52 weeks of the year. Let's not forget.

Look over the attic and remove such stuff as old papers, rubbish, old broken furniture, etc., and do the same thing in the basement. Rubbish in the yard is not only unsightly, but is also a fire hazard. Take a little extra precaution about stoves. Have a good substantial insulator both under the stove and at the wall. See that the pipe does not touch anything inflammable and that it is well surrounded by the chimney, which should be a good brick or stone one. How do you dispose of your ashes?

Keep the matches in a place where the children cannot reach them and this means children of quite a good size. The lady's face. If there was a law that would compel every house to have in it a good fire extinguisher we think it would do a lot towards preventing destruction by fire.

County Proposes New Scenic Route Pasadena Into LA

A scenic highway extending from Figueroa Street in Los Angeles through Eagle Rock to Chevy Chase Drive and entering Pasadena via Glen Oaks avenue is proposed by the county and all of the estimated cost of \$600,000 will be borne by the county. However rights of way must be decided by property owners through whose land the road would pass in order to insure success of the project.

No condemnation proceedings will be undertaken to secure the needed property, county officials said. A map showing the route of the highway has been prepared by Alfred Jones, chief deputy county surveyor, and is now on display in the office of the Pasadena City Engineer.

cheer the men who hold me and take care of myself.

Fear Communists

"But the thing we must watch, the thing of which Hang Kow, in particular, is frightened, is the vast Communist army. It is larger than the National army, made up of 150,000 men with 100,000 guns." The Father lead from his personal story into the vital and world-wide theme which gripped him. He said:

"Now the people there are living a more natural life than the Westerners. No birth control, or anything like that. There is the man power there, and the brains. When the Western world becomes weakened, and the East becomes ready for conquest, then I believe there will be a vast change. Not in our lifetime probably. In two or three hundred years . . . What is three hundred years? Nothing."

"There is manpower in China—the coolie labor—and with Japan or Russia at the helm, much potential strength. That is why the present Communist army is feared."

"And Japan will never be satisfied with Manchuria. That is but a stepping stone. There is another worry. There are Japanese in every Chinese province, and we never know what to expect from them. I myself already have seen much bloodshed—many people with their heads struck off by the Communist hordes who ever so often go on a rampage."

Bugles Spread Alarm

Elaborating on his own experience Father Cyprian told of how he had become so nerve shaken from bandits occupying his mission that when he returned home last year he was unable to keep seated while trying to carrying on a conversation.

"During the last days I was in China," he said, "when I heard a bugle heralding the arrival of more rebel armies I would become so weak I had to sit down. I would tell the house boy to be sure that all the doors were wide open. They tried to scare me out so that they could take entire possession of the mission. They would jeer and tell each other that they were going to 'string the foreigner up.' But I stayed."

"I expect now to stay six or seven years longer, if I can keep my health and if all is fairly peaceful. Then I shall come home again."

Hard to Learn

Branching into a more academic, less adventuresome topic, Father Cyprian talked of his proficiency in the Chinese language—a language which is admittedly the most difficult to master in the world. He told of how he had gone into an out-of-the-way province accompanied by a Chinese university instructor, and of how he had made himself intelligible to the storekeeper there after the Chinese scholar had failed.

"This," he explained, "was possible because it is easier for an outsider to master the various dialects—once he has learned the main language—than for a native who is born to one tongue and pronunciation."

"Many are content to merely learn the spoken language, for the written and spoken Chinese are two very different propositions. There is a separate character for each word. To be well educated a man must be familiar with 5000 of these characters."

PLAYERS POSTPONE FIRST PRESENTATION

Owing to extensive workshop preparations of the Players of Sierra Madre for the forthcoming presentation, "The Idealist," the membership meeting of the organization, scheduled for tonight, the first Friday in October, will be postponed until a week from tonight, October 14.

The meeting next week will open the present season, and will be held in the Players' regular Playhouse headquarters, upstairs in the Woman's clubhouse.

'Little Art Gallery' In Third Year

Reception To Women Painters In New Exhibition Marks Milestone

The third season of the Sierra Madre Little Art Gallery in the City Hall was officially opened last night with a reception for two prominent California women artists and a premiere showing of their works.

Both Lillian Ferguson and Hilda Van Zandt, 36 of whose oil and water colors are now to be seen here are considered to be high in merit, although there is a decided contrast in their products.

Lillian Ferguson, winner of numerous state prizes and having studied in Paris and Holland under masters, displayed work that is very colorful and fresh. Her "After the Rain" was a prize winner at the State Fair recently, and familiar because of the locale is a canvas called "A Summer Day in La Canada."

Most of her canvases have to do with mountain scenes in this part of the State. Two portraits, not equalling her landscapes, are also included in the exhibit. A picture of Palm Canyon and one of an autumn woods scene display Miss Ferguson's technique admirably.

Unlike her fellow exhibitor, Hilda Van Zandt has gathered her material mostly from abroad and from Mexico. The most unusual thing called "Buddha in the Moonlight," which depicts the god in a very dim light with small figures worshipping, set off in gold relief by the moon's light. Several small water colors of Spanish cafe scenes, and portraits, are finely conceived and executed.

An oil portrait of an unshaven Mexican is interesting in its restrained treatment. A street scene shows the massive gate to a typical Spanish town, with the various commonplace figures that are to be seen on such a thoroughfare in the foreground.

Miss Van Zandt's paintings are not, as a rule, labelled, for she prefers explaining them herself.

The welcoming committee and the hostesses for the evening included Mrs. Fred Griebenow, director of the Little Art Gallery, Mrs. H. E. Allen, Mrs. Henry I. Hawhurst, Mrs. J. Borradaille, Mrs. John Robertson, Mrs. Alfred Dewey, Miss Agnes Gleim, Mrs. J. Earl Gossard, Mrs. Woodson Jones, Mrs. W. J. Lawless, Mrs. Robert Corlett, and Mrs. Homer Glidden.

Everyone in Sierra Madre who is interested in art, and in seeing the best contemporary art available, is invited to attend the present exhibit.

FAVORITE PLAYHOUSE

WILL REOPEN NEXT WEEK
The Hollywood layhouse, which Los Angeles theatregoers hold in great regard, reopens Tuesday night, October 11 with a new comedy "Young Leas." Walter Brown is presenting a cast of stage and screen favorites in the leading roles headed by Morgan Wallace, Helene Millard, Adda Gleason and Cornelius Keefe.

Local Sport Paragraphs

By John Copeland

CARL SCALZO, onetime manager of "Long Jim" Heasley, Jr., furnishes the high spot in the paragraphs this week by dint of his 54-yard run in the P.J.C.-Cathedral game. He was running wild all afternoon, finally being stopped by fatigue brought on by carrying so many players on his neck for such consistently long gains.

Observers tell us that Jack Young did some pretty playing for the Pasadena upper division in the Chaffee Junior College game. At one time he kicked out from his own one foot line, and although his team (or maybe we should say Les Miller's team) lost it, lost with demonstrative protest.

The Sierra Madre bowlers took down the Monrovia Kiwanis club last Thursday, winning all three games by a margin of four pins. That's about as technical as we dare grow on that particular subject, not knowing a bowling alley from the Venice speedway. Correcting an error of last week's Sue Kinkle is the young lady on the team. She twisted her ankle this week, putting herself on the shelf for awhile.

Emile Smith and Louis Fuller have their heads together on a plan for instigating a local tennis round-robin. No entrance fees. Everybody furnish their own rackets and balls. They will see the town's players. The idea will be for everybody who plays the game to enter into the thing, regardless of tennis class or ability. Champ versus champ, and dub against dub. If the works can get running before the rains OK.

Skipping about with not much sense of continuity, it occurs to us that inasmuch as towns such as Monrovia have football teams, and inasmuch as Sierra Madre seems to have enough material to compose one anyhow, how about some sort of a non-scholastic San Gabriel Valley or Pothill league?

Sport writers in the nearby villages are invited to express their various views. Perhaps the idea wouldn't be feasible for this particular autumn, but a little groundwork laid for next season might prove worthwhile. Yes or no?

Going farther and farther afield—hoping that there's at least local interest attached: U.C.L.A. looks good. California to take Stanford. Stanford to take U.S.C. The Trojans to take Notre Dame. U.C.L.A. to drop not more than two games, possible only one to St. Mary's. California to take a win tomorrow at Berkeley. Now place your bets . . . but not with us.

Something whispers that ye Trojan warhorse is going to need plenty of oats in order to repeat the brilliant efforts of last year. Plenty of oats and a backfield to measure up to Orr Mohler's standard. Wonder what happened to Frankie Wycoff in the shuffle? Pre-season news pictures showed him all togged out in moleskins. He ought to be a great man to shake loose on some such play as the old Sparling end around.

Baseball, with the rather colorless burial of the Chicago Cubs.

MANY SCREEN STARS IN PLAYHOUSE CAST

Bradley Page, stage and screen actor, and Albert Conti, popular film player, head a cast of international players in the presentation of a new, sophisticated, continental comedy, "These Few Ashes" by Leonard Ide, which opened at the Pasadena Community Playhouse on Tuesday evening.

Page, former Broadway stage actor, has been playing in pictures recently. Albert Conti, who recently spent several months in Sierra Madre, has been hailed as a second Adolph Menjou on the screen.

OCTOBER IN THE GARDEN

By Jessie Ward Russell

WINTER-FLOWERING bedding plants should be set out now. The best plants to bloom during the winter months are Stocks, Snapdragons, Coleus, Pansies, Violas, Penstemon, Begonias, Cornflowers and Ageratum.

Rose bushes set out now will bloom until January.

October starts the planting time for shrubs and trees. The summer growth has hardened up and now they can be transplanted with safety.

This is one of the best months in which to have a new lawn planted, or to renovate an old one. Bermuda grass and many other weed seeds will not germinate during cold weather.

Chrysanthemum plants should be disbudded now and staked up if you would have large blooms. Dahlias and Roses should be dusted with sulphur to prevent mildew.

Be sure to have your young Avocado trees tied to strong stakes for this is the season when we may have heavy winds. Avocado trees are brittle and can be broken down by winds.

Do not neglect to irrigate just because the weather is cool and foggy. The ground is dry underneath and tree and shrub roots will suffer if they do not get water.

October is the best month in the year to bud Avocado trees.

THIS AN IDEAL YEAR FOR STOCKS AND SNAPS
By Sanford Martin
Landscape Architect

From all indications, this is to be an ideal year for early stocks and snapdragons and now is the time to plant them in order to have those very early blooms, which are always desirable.

Stock may be planted in open beds or as a border around other flowers and shrubs to very good advantage. The main thing is to have them located in a good sunny location, and be sure to see to it that the bed has been spaded to a good depth. Keep the plants growing rapidly through the balance of the summer and you will be rewarded by having wonderfully large bloom spikes.

Be sure that the plants that you buy have been grown from good strong seed, because the vitality that was contained in the seed is indicated in the plants' flowering ability later on. Flowers have been so highly developed during the last 25 years that the dew will release the fumes from the sulphur and these rising fumes are what kills the spores of fungus which spreads on the snapdragons' leaves. The direct contact of the sulphur dust does not have as good results as these rising fumes. If you can obtain what is known as "distilled sulphur" you will find that a very little will do much good. This quality becomes soluble more readily than other grades.

One often wonders why his flowers do not grow well next to the lawn, although frequently you will give these plants more water than the others. This is caused by the extreme fibrous root system of the grasses going out under the flowers and taking up all of the fertility that should go to the flower roots. By going along the edge of the grass once a month with a spade and shoving the blade down into the soil its full depth, you may cut off these feeders, and it will not harm the lawn in any way, but will show its effect in the growth of the flowers.

Amazing Figures Designed To Arouse Interest In Fire Prevention

With the coming of fire prevention week, October 9 to 15, the National Board of Fire Underwriters sends out news that should go much to halt the widespread carelessness that is prevalent in the United States in regard to fire prevention.

Sixty percent of all the fires occur in the home, which means that a home goes up in smoke somewhere every four minutes. Over eighty percent of these fires are preventable.

Approximately 10,000 persons were burned to death during 1931. About one third of these were children under ten years of age. Two thirds of the total were burned in homes. An average of

27 people every day lose their lives by fire.

Statistics are usually dull, but these figures are very vital: The number of dwelling fires has increased 50 per cent in the last six years. These fires were due to such seemingly trivial things as faulty wiring, bad stoves, chimneys, heaters, electrical appliances, and insufficient air space between walls. It is estimated that in communities up to 2500 population the fire loss exceeds \$16,000,000 annually.

As to the forest damage—the loss each year is not to be reckoned in mere millions. This loss is not to be paid for. And the Angeles forest being right at our city boundary, this is something to think about.

JOBLESS CONTINUE SOCIAL SESSIONS

Music for the weekly party of the unemployed of Sierra Madre at the Parish House was furnished Monday night by John Darrah and family, of Monterey Park and sang "By the Waters of the Minnetonka."

Many registered with the Co-operative Association which was formed at last Thursday's business meeting of the unemployed. Dean Bode announced that the business meetings will be continued every Thursday night at 7:30 in the Park House, and that the social activities will be carried on as in the past at the Parish House Monday nights. Leaves of bread were furnished by the Safeway Stores for distribution at the close of the dancing and entertainment.

REV. FATHER THOMAS LEAVES FOR NEW WORK

Rev. Father Thomas Carter, former Superior at the Passionist Monastery, left Sierra Madre on Tuesday for Cincinnati, where he will resume the missionary work which he left to assume command of the monastery on Monte Oliva three years ago.

From his Ohio headquarters he will go immediately on his first assignment to Newport, Ky. After that his work will take him to various points east of the Ohio River.

MEETS OLD FRIENDS ON THE MOVIE LOTS

Mrs. Gordon Wolfe, of 181 Vista Circle Drive, as guest of Miss Blanche Sewell, cutter of the Metro-Goldwyn Mayer Studios, spent last Friday morning around the M-G-M lot renewing old acquaintances. For some years Mrs. Wolfe was employed at M-G-M as secretary and script clerk for Marshall Neilan, director. Luncheon was enjoyed in the studio commissary. After luncheon Miss Sewell took Mrs. Wolfe to one of the many projecting rooms to view some of the scenes of "Red Dust," Jean Harlow's latest picture, which she was cutting. A number of uncut reels of "Fu Manchu" were also run.

A. L. A. Activities

By Dorothy Shetler

THE most important event of the A.L.A. program for this week concerns the "jeune filles." The occasion is a get-together of all present Junior members, or those wishing to apply for membership. All daughters of Sierra Madre Legionnaires are requested to be present. The Junior A.L.A. is composed of girls from one to eighteen years of age. We are informed that the dues have been reduced to 75 cents. This reduction makes it possible where there is more than one daughter, for each to join without straining the family purse. The Junior A.L.A. is an excellent organization, teaching the ideal of "mutual helpfulness" to children at an impressionable age. Here they will learn loyalty, Americanism, the maintenance of law and order and to participate in and contribute to the aims and purposes of the American Legion—and every worthwhile purpose the Auxiliary strives for.

A.L.A. mothers, bring your girls Saturday, October 8th at 2:30 p.m., to the City Hall basement. All A.L.A. members are invited to attend this meeting. Your columnist called on Mrs. Leila Roberts to verify the report that her small daughter had been injured when her arm was caught in an electric wringer. We are glad to report the injury is not serious and that Roberta feels well enough to go to school.

Mr. and Mrs. Norman Jensen and children spent the week-end in the mountains with Mr. and Mrs. Arthur Evans and the boys at Fern Lodge. They were busy Saturday night moving their bunks out of doors, and hurriedly back inside. The weather was fickle and the gang couldn't decide which to believe—the stars or the thunder.

At a football meeting last Thursday our ticket committee received ten tickets to sell. They are for the big game, St. Mary's vs. U.C.L.A. on Armistice Day. Enthusiasm in selling and buying these tickets may insure a prize to our unit. Remember buy your tickets now through your local Auxiliary.

The next regular Auxiliary meeting is scheduled for Thursday, October 13th at 8 p.m. in the City Hall. We hope for a large attendance, as each chairman is planning to outline her program for this year's work. All Sierra Madre ladies eligible for membership are invited to attend.

Several weeks ago readers saw a short sketch in The News of interesting information about our President Barker. This week you will read a brief "Portrait in Print" of our first Vice-President.

Leila Embree was born in Atlantic, Iowa. She taught school one year in her home town. That is probably where she gets her pesky habit of asking for pronouncements of 4th words! After she marched up the aisle to assume a "double harness," she then made her home in Omaha, Neb., for two years. Then a move was made West and for the next eight years, Mrs. Embree resided in California, 8 years of which were spent in Sierra Madre. She taught a class in the Sierra Madre Congregational Sunday School. Mrs. Embree is a member of the Friendship Club on organization of women, meeting at the Congregational Church. She holds an office in the local Eastern Star. The A.L.A. has always found Leila and A.L.A.—Active, Loyal, Alert. She served several years as musician, two years as secretary, and last year as Child Welfare Chairman. This year she is 18th District Community Service Chairman, and 1st Vice-President for this Unit, also serving on the Child Welfare Committee. Those seeing her as the Professor of Music in "The Silly Symphony," a group of women with a conglomeration of weird instruments and unique costumes, conceded her first place as candidate in A.L.A. cheer leading.

Next week your "Portrait in Print" maybe next. Who knows? Read The News and see yourself as others see you.

The Committee of Entertainment for the 18th District asks for better cooperation for the big monthly dances. Good music, jolly crowds, novelty dances are to be featured. The first hop of the series was held in Arcadia, October 1. Sierra Madre was represented by Mrs. Louise Roe, Mrs. Bernice Dailey, Mr. and Mrs. M. Livingston and daughter Edith, Mr. and Mrs. Roy Shetler and Tom Roe.

Hot Lead

By Andrew Killoran

A COMMITTEE was appointed at the last meeting to make recommendations and formulate plans for the Armistice Day activities. We will have their report at the next meeting.

Last meeting was the first over which Commander Calkin has fully presided, and we hear that he swings a wicked gavel.

Colonel Hersey commended the members of the baseball team on their good sportsmanship and the courtesy they have extended to visiting players.

The baseball trophy is to be placed on exhibition at the Sierra Madre Hardware Store. It's a beauty. Look it over as you pass by their display window. The trophy was presented by Killian and Vermillion, of Pasadena, who are members of the Pasadena Post. Individual miniature gold baseball ornaments were presented to the members of the winning team at the recent banquet in Arcadia. These were donated by Mr. F. B. Chamberlain of Sierra Madre.

Just a reminder of the forthcoming annual Armistice Day football game. This game was conceived for the purpose of providing funds for the operation of the American Legion Service Department in the conduct of relief work in the County outside of the City of Los Angeles. The extent of their work in relieving distress among the disabled vet-

erans and their families is dependent upon the amount secured from this source. They receive a one-third split of the net profits, the balance going to the two competing teams—this year St. Mary's College and U.C.L.A. The game is played at the Coliseum—or is it called the Olympic Stadium since the Games? The tariff is \$1.65, tax included, and duets may be secured from Comrade Embree or various places around town, such as Pickett's Service Station, Sierra Madre Feed & Fuel, Olsen's Shoe Store, Hapgood's Sandwich Shop, and so forth.

A mammoth military pageant will be part of the afternoon's program, all uniformed Legion bands and drum corps in the County participating, with over 500 pieces playing simultaneously. Aside from the entertainment furnished, the cause is a worthy one and merits the support of the Legion and Auxiliary and their friends.

YOUNG PEOPLE'S SOCIETY HOLDS OPEN MEETINGS

The Senior Young People's Society and the Junior Society of the Congregational Church, meet regularly every Sunday evening at 6:30 o'clock. The Senior Society, which is making a study of the youth of China and reading "The Young Revolutionist," by Pearl S. Buck, holds its meetings in the Intermediate rooms. The

Junior Society, with its meetings in the Junior rooms, is studying the twelve disciples. All young people of Junior College and Junior High School age are welcomed.

Association Hunts Work For Jobless

New Organization Of Unemployed To Operate On Barter Basis

The burden of finding work for the city's unemployed will be shifted in the future from the Red Cross to the unemployed organization itself it was decided at a meeting of that group at the Park House last Thursday evening. A cooperative Relief Association was formed for the purpose of relieving the unemployment situation. Any worker is eligible. The organization will act as a clearing house for all goods and products of the members. Workers are to be employed at the Ramona street vegetable gardens, headed by H. E. Barton, and a warehouse has been secured at E. Montecito and Baldwin avenue.

The organization is in a formative stage. Its ultimate aim is to provide a method of bringing the supply and the demand for food and labor together. Thus the organization will be returning to the old time direct barter of goods and work. Anyone wishing to exchange their handicraft for some needed staple, or to trade labor for food instead of for money, have but to join the association.

A committee was authorized to act as contact men in cooperating with other welfare organizations. Officers elected by the new association are Albert Cornell, chairman; Jasper King, vice-chairman; and Jedney Davis, secretary.

Councilman Lester K. Layton spoke at the meeting, cordially welcoming and approving the formation and objects of the new association.

The new organization has opened a temporary office and headquarters at 252 Ramona avenue, telephone 102-2, where office hours will be maintained daily from 2 to 4 p.m. and all unemployed are requested to re-register at that address. It will probably be about a week before the employment will be in full operation.

Rush Carload Of Fresh Fish Across Continent For Southland Markets

With the arrival this week of a full carload of fresh New England Haddock consigned to Safeway-Piggy Wiggly Markets in Southern California, a new record in fish merchandising was established, according to Clarence Dale, manager of all Safeway-Piggy Wiggly Markets in the Los Angeles area. This fresh fish was caught in the cold waters of the Atlantic, iced immediately, and shipped by fast, refrigerated express direct to Southern California, arriving here in less than five days from Boston.

"Realizing that there were many residents of and visitors to Southern California, who had once

resided on the East Coast, to whom the taste of fresh haddock would be welcome, we made arrangements to secure this famous New England fish for our markets," stated Mr. Dale yesterday.

Distribution of the haddock began immediately upon arrival, that every Safeway-Piggy Wiggly market would have this Eastern delicacy in stock not later than today. No other markets in Southern California have this fish, explained Mr. Dale, as the purchase was made exclusively for Safeway-Piggy Wiggly Markets, and the carload ordered was just enough to meet the expected demands of the customers of these markets.

"LOVE ME TONIGHT" TO THRILL PATRONS OF LYRIC THEATRE

Imagine Maurice Chavaler playing the part of a lover. You know he can and how. Even father will enjoy seeing his latest production, "Love Me Tonight,"

which opened at the Lyric Theatre on Foothill Boulevard, Monrovia, last night, and will be shown today (Friday) and Saturday. It's not just another picture but, rather a picture of diversified entertainment.

"Love Me Tonight" takes one back to the days of romance, life, the pursuit of happiness and the right to love.

Fascinating Janette McDonald plays that important part opposite the world's greatest entertainer. Jeanette McDonald gives every ounce of action, feeling and realistic romance to this plot.

On the stage the management presents another big time vaudeville show which includes many headliners. The theatre fans of this city have voiced their hearty approval of the fine programs as presented at the Lyric Theatre.

Starting Sunday, October 8th, for four days, "Speak Easily" with "Snuzzle" Durante and Buster Keaton and "Blessed Event" with Mary Brian and Lee Tracy, will be shown.

BIG INSURANCE CO. SENDS OWN MAN INTO SAN GABRIEL VALLEY

Lieutenant-Commander in the Naval Reserve, wartime skipper of the undersea boats N-6, L-7, and R-12, member of the outfit that patrolled the Irish coast in the American sub A-L 10, in '18, recently technical advisor to Paramount for "Devil and the Deep"—that's the partial record of F. C. Bumpus, 166 East Grand View avenue, who has been appointed representative for the Farmers Automobile Inter-Insurance Exchange.

Besides having studied maritime and insurance law in California, Mr. Bumpus is an insurance agent of many years experience. The Exchange is considered one of the highest type institutions of its kind.

Six months ago Bumpus moved to Sierra Madre with his wife and small daughter Nancy, from Los Angeles. Nancy is a member of the grammar school and Mrs. Bumpus is a member of the P.T.A.

RUTH MAKES A HOMER IN A PTA FILM SHOW; OUR GANG IN IT, TOO

The P.T.A. moving picture committee announces that there will be pictures in the auditorium, Friday afternoon, October 14, at 3:15.

"How Babe Ruth makes a Home Run," showing Babe Ruth in an educational feature, should prove very interesting to boys at this time.

"Official Officers," an Our Gang picture and "Felix Hyps the Hippo" will also be shown. As all the proceeds from this work go to the welfare fund it is hoped a large number will attend.

Recall Defeated 4 To 1 In Arcadia--- No Peace In Sight

Arcadia voted four to one against the recall of two of its Councilmen at a special election on Tuesday. Notwithstanding the overwhelming vote, however, the agitation that has kept the city in a turmoil for more than two years and caused it to be known as "the city of discontent," will be continued according to J. L. Byrne, leader of the organization that has been dividing the people into bitter political factions.

"Until new men are elected to handle the affairs of the city there is not the least chance for peace and harmony in the Queen City," Byrne announced in expressing the determination of his organization to disregard the expressed will of the electorate. He added, however, that he would resign as chairman of the malcontents.

There was a big parade and noisy celebration when the result of the election was announced.

DOLORES DEL RIO'S GREATEST PICTURE AT ARCADIA THEATRE

Dolores del Rio, portraying the half wild island enchantress, shows her full talent and beauty in "The Bird of Paradise," playing at Dean's Arcadia theatre tonight and Saturday. Opposite her is Joel McCrea one of the most outstanding of the younger actors.

One of the finest scenes in the film shows hundreds of Hawaiians led in native dance by Miss Del Rio. Throughout the play the scenery is most beautiful, having actually been filmed on the islands of the broad Pacific.

On the same bill is "Hollywood Speaks," the life of an extra girl. Children and adults alike will welcome the Mickey Mouse short subject also being screened. Next Sunday and Monday a double feature will include Marion Davies' "Blondie of the Follies" and "Doctor X."

Local Policeman Witness Against Stockton Suspect

Chief of Police Gordon McMillan left for Stockton Wednesday to testify at the trial of Ted Warren, alias Eddie Arden, who attempted the same bunco game in that city which he had previously failed at here several weeks ago, when he was taken into custody and later released by Los Angeles police. Warren's racket was securing valuable bonds from housewives, giving in payment forged cashier's checks.

The trial took place yesterday, and McMillan carried with him a warrant for the alleged swindler's arrest here should he fail to be convicted on present charges.
